Emotions in Second Language Teaching 2018-03-12 this edited volume explores the multifaceted nature of teacher emotions presenting current research from different approaches and perspectives focused towards the second language classroom twenty three chapters by well known scholars from the applied linguistics tesol and educational psychology fields provide the reader with a holistic picture of teacher emotions making this collection a significant contribution to the field of second language teaching given the emotional nature of teaching the book explores a number of key issues or dimensions of l2 teachers emotions that were until now rarely considered the contributions present the views of a select group of applied linguistic researchers and l2 teacher educators from around the world this international perspective makes the book essential reading for both l2 teachers and teacher educators

Exploring English Language Teaching in Post-Soviet Era Countries 2020-10-01 exploring english language teaching in post soviet era countries analyses different elements of english language teaching from the soviet era to a new era of westernised influence this work provides an insight into the problems that occur in present day english language education in post soviet era countries considering english language teaching at all stages of education the book outlines the challenges that many countries of the former soviet union experienced at the turn of the twenty first century and relates these to education as a crucial social phenomenon it considers the teaching of english as a lingua franca at all education levels in the countries of the former soviet union with particular emphasis on universities using empirical research from case studies in azerbaijan the book considers whether post soviet era countries have truly moved towards a westernised model of language education or simply imitated one this book is the first of its kind to treat the problem by listening to teachers and students voices as the major actors of the educational process this book will be of great interest to academics researchers and post

graduate students in the fields of english language education education in eastern europe and applied linguistics

Language Teacher Psychology 2018-01-05 to date the majority of work in language learning psychology has focused on the learner in contrast relatively little attention has been paid to teacher psychology this volume seeks to redress the imbalance by bringing together various strands of research into the psychology of language teachers it consists of 19 contributions on well established areas of teacher psychology as well as areas that have only recently begun to be explored this original collection which covers a multitude of theoretical and methodological perspectives makes a significant contribution to the emerging field of language teacher psychology as a domain of inquiry within language education

Curriculum Integrated Language Teaching 2020-07-09 a guide on how to implement clil in the classroom to foster motivation engagement and progress in language learning

Video in Language Teaching 1985 this reader provides both theoretical perspectives and practical tools for analysing and understanding how elt classroom curricula can be analysed developed and evaluated the commissioned and classic texts place curriculum change in a philosophical framework and also explore the political and institutional considerations a series of case studies are provided to highlight both the role of the teacher in curriculum innovation and various processes of planning and implementation the final section deals with evaluating curriculum and syllabus change

Innovation in English Language Teaching 2001 dramatic shifts in our communication landscape have made it crucial for language teaching to go beyond print literacy and encompass the digital literacies which are increasingly central to learners personal social educational and professional lives by situating these digital literacies within a clear theoretical framework this book provides educators and students alike with not just the background for a deeper understanding of these key 21st century skills but also the rationale for integrating these skills into classroom practice this is the first methodology book to address not just why but also how to teach digital literacies in the english language classroom this book provides a theoretical framework through which to categorise and prioritise digital literacies practical classroom activities to help learners and teachers develop digital literacies in tandem with key language skills a thorough analysis of the pedagogical implications of developing digital literacies in teaching practice a consideration of exactly how to integrate digital literacies into the english language syllabus suggestions for teachers on how to continue their own professional development through plns personal learning networks and how to access teacher development opportunities online this book is ideal for english language teachers and learners of all age groups and levels academics and students

researching digital literacies and anyone looking to expand their understanding of digital literacies within a teaching framework

Digital Literacies 2014-06-03 in the course of their careers foreign language teachers can expect at various times to be involved in areas such as the management of students and of colleagues the organization of their institutions the development of curricula staff recruitment and the financial aspects of running a school or program including marketing and promotion this book is the first to provide a comprehensive practical introduction to these areas particularly in relation to esl institutions the authors each have specialist expertise in the fields of organizational management personnel management marketing management and commercial management in the context of esl which form the four main sections of the book

Management in English Language Teaching 1991-08-29 this book is the first to bring together a collection of recent empirical studies investigating languaging an important construct first introduced by swain in 2006 but which has since been deployed in a growing number of l2 studies the contributing authors include both established and emerging authors from around the globe they report on studies which elicited languaging in oral or written form via a range of individual and group tasks and from a diverse range of student populations as such these studies extend the scope of extant research illustrating different and novel approaches to research on languaging the findings of these studies provide new insights into the language learning opportunities that languaging can afford language learners in different educational and linguistic contexts but also the factors that may impact on these opportunities as such the book promises to be of relevance and interest to both researchers and language teachers

Languaging in Language Learning and Teaching 2020-08-15 while educators and educational psychologists debate the influence of media on learning there can be little doubt that media is now an integral constituent of any educational context in particular computer and internet media with their immense processing power and multimedia capabilities can have significant bearing on learning processes and outcomes in today s learning environment such media which are increasingly designed to be highly interactive and adaptable can enable reflective productive and communicative activities and have much potential for foreign language learning the book contains 16 papers which look at different forms of media and explore how these affect or can be used effectively in foreign language education the first of three parts focuses on important theoretical and pedagogical issues in selecting and using media in the second part insightful empirical research findings are presented on the contributions of different forms

of media in language teaching and learning including their effect on learners learning motivation the third and concluding part of the book provides in depth accounts of how media can be harnessed to drive innovative curricular practice as well as students evaluations of these curricular projects

Media in Foreign Language Teaching and Learning 2011-10-27 the papers in this volume represent varied views on the role of context in language learning

Context in Language Learning and Language Understanding 1998-10-08 an introduction to communicative language teaching for practising classroom teachers

Communicative Language Teaching 1981-03-31 this book provides all the task material from a course in language teaching

A Course in Language Teaching Trainee Book Trainee's Book 1999-09-30 this wide ranging survey of issues in intercultural language teaching and learning covers everything from core concepts to program evaluation and advocates a fluid responsive approach to teaching language that reflects its central role in fostering intercultural understanding includes coverage of theoretical issues defining language culture and communication as well as practice driven issues such as classroom interactions technologies programs and language assessment examines systematically the components of language teaching language itself meaning culture learning communicating and assessments and puts them in social and cultural context features numerous examples throughout drawn from various languages international contexts and frameworks incorporates a decade of in depth research and detailed documentation from the authors collaborative work with practicing teachers provides a much needed addition to the sparse literature on intercultural aspects of language education

Intercultural Language Teaching and Learning 2013-04-22 listening is now regarded by researchers and practitioners as a highly active skill involving prediction inference reflection constructive recall and often direct interaction with speakers in this new theoretical and practical guide michael rost and jj wilson demonstrate how active listening can be developed through guided instruction with so many new technologies and platforms for communication there are more opportunities than ever before for learners to access listening input but this abundance leads to new challenges how to choose the right input how to best use listening and viewing input inside and outside the classroom how to create an appropriate syllabus using available resources active listening explores these questions in clear accessible prose basing its findings on a theoretical framework that condenses the most important listening research of the last two decades showing how to put theory into practice the book includes fifty innovative activities and links each one to relevant research principles sample audio recordings are also provided

for selected activities available online at the series website pearsoned.co.uk rostwilson as a bridge between theory and practice active listening will encourage second language teachers applied linguists language curriculum coordinators researchers and materials designers to become more active practitioners themselves by more fully utilising research in the field of second language listening

Active Listening 2013-11-04 this book develops an understanding of practices at the very center of language education the classroom the author explores key concepts in unpacking the complexity of classroom life examines existing research and practice through a series of research case studies provides a template for research activity and suggestions for projects and methodologies and collects resources for readers keen to follow up the themes developed in the book

Classroom Management in Language Education 2005-10-07 this book contains 40 tasks of two types discussion tasks and classroom based tasks

Tasks for Language Teachers 1993-05-13 the fourth edition of this classic textbook has been revised to reflect recent developments in language teaching and learning yet retains the basic structure and approach so popular with its readers teaching and learning content has been updated particularly taking into account the rise of task based learning conversational analysis and social models of second language acquisition changes in national syllabuses and examinations and the increasing controversy over the role of the native speaker target each chapter has been revised to stand alone enabling the text to be taught and studied out of sequence if preferred a set of focussing questions has also been added to each and further reading sections have been updated in addition icons appear throughout the text signalling where extra information summaries data lecture notes test batteries and more can be found on the author's accompanying website routledge.com cw cook second language learning and language teaching remains the essential textbook for all student teachers of modern languages and tesol as well as applied linguistics

Second Language Learning and Language Teaching 2013-11-26 this book investigates how problem based learning can be implemented in language classes and how it can bring about a change in language learners understanding of the foreign language based on empirical evidence it provides readers with the theoretical background of this interdisciplinary approach in education discusses the challenges that language teachers might encounter while implementing this approach in language classes and offers procedures for employing the method it also clarifies the difference between collaborative learning and problem based learning in which certain dynamics are at work it is of interest to researchers and instructors in cognitive learning task based language teaching and content focused courses

Problem-based Language Learning and Teaching 2018-07-21 reflective language teaching practical applications for tesol teachers is an extensively revised and updated second edition of the popular and accessible text reflective language teaching from research to practice originally published in 2008 this fully up to date second edition includes an expanded preface updated case studies and new cases throughout that deal with new developments in language teaching and reflective practice fully updated citations three brand new chapters on online reflective practice and teaching young learners and a new final chapter on developing a culture of reflection as in the first edition this book outlines strategies for professional development through reflective practice in the language classroom accessible and comprehensive the book presupposes no prior knowledge of linguistics or language teaching and each chapter includes reflective discussion questions to help the reader apply the strategies and procedures discussed
