drawing together recent changes in the debates with the history of the subject the process of economic development is a textbook with a story to tell a discussion of recent events is integral to the book with discussions ranging from the environment the debt crisis export led industrialization import substitution industrialization growth theory and technological capability the book has an accessible style and format plentiful diagrams boxed summaries and end of chapter questions help the reader to grasp many faceted topics coverage includes latin america africa and asia giving students a uniquely balanced world picture

Principles of Macroeconomics

2006-02-17

international economics global markets and competition integrates the microeconomics of international trade with open economy macroeconomics and finance the theory is comprehensive but presented with intuitive diagrams the book emphasizes the gains from international competition and the limits of trade policy economics began during the industrial revolution with a debate over import tariffs to this day domestic industries lobby for tariff protection against foreign competition paying lawmakers for tariffs on imports only under special conditions do tariffs lead to economic gains domestic importers of materials and industrial products favor free trade as do export industries since tariffs encourage other countries to retaliate with tariffs of their own trade theory includes market analysis and general equilibrium models of the economy this text integrates the full range of trade theory with exchange rates balance of payments international finance and open economy growth and macroeconomics the presentation focuses on diagrams and avoids equations and algebra the theory is presented with numerical examples the text does not assume intermediate economics instead developing the theory with thorough explanations questions in each section build confidence in applying the theory boxed examples illustrate the importance of the theory students like the concise and straightforward style instructors notice the difference on exams
